Locals blindsided and circumvented

The state government has been heavily criticised by Tasmania's planning advocacy group and the Mayor of Kingborough after imposing, without consultation, a directive circumventing the Local Provision Schedule (LPS) process and impacting local residential standards.

"Minister Jaensch issued Interim Planning Directive No. 4, Exemptions, Application Requirements, Special Provisions and Zone Provisions, a directive that came into effect on February 22, blindsiding professional planners, councils and community advocates," said Sophie Underwood, spokesperson for Planning Matters Alliance Tasmania (PMAT).

"This directive circumvents the Local Provision Schedule process, where local councils work with the community to establish planning rules to protect natural and cultural values and local character.

"While that process was promised as a means to involve community and protect local values, it appears to have been abandoned by government." Ms Underwood said the government's changes to the planning scheme will

radically change planning standards with regards to residential developments. "An Interim Planning Directive unilaterally imposed by Planning Minister Roger Jaensch without any consultation with the community, councils and professional planners, will radically change planning standards with regards to residential developments, Ms Underwood said.

"This will impact the liveability of local cities, towns and suburbs and undermine the promised roll out of the state-wide planning scheme."

Mayor of Kingborough, Cr Dean Winter said the state government has brought forward some of its reform changes ahead of finalising the proposed new Kingborough Planning Scheme without communicating those changes publicly.

"Unfortunately, there was no warning that this was going to occur and now councils across the state, including Kingborough, are scrambling to adjust." Mayor Winter said.

"As these have been introduced with no public communication from the Tasmanian Government, council felt it was important to provide some advice to the Kingborough community.'

Mayor Winter said the state government has been progressing changes to bring in a single planning scheme for Tasmania, known as the Tasmanian Planning Scheme since 2015.

"The new scheme is being introduced gradually across the state, in the form of the Local Provision Schedules that are being assessed by the Tasmanian Planning Commission," explained Mayor Winter.

"The Minister's Interim Planning Directive No. 4 commences on February 22 with the primary function of commencing use of the State Planning Provisions in the inner and general residential zones, before the new planning scheme is adopted.

"These changes will be applied to Kingborough's Interim Planning Scheme. "Consequently, council's planners and residents seeking to make an application will have a new set of rules when it comes to development in these two zones, particularly in relation to setbacks, building envelopes, density, open space, and window orientation," continued Mayor Winter.

"These changes apply to any applications lodged after 22 February.

"Despite COVID, in 2020 council saw planning applications increase by

"Incorporating the Planning Directive changes as well as the new assessment timeframes on top of the increase in applications means council's Development Services Team is very busy.

"Because of that, we encourage you where possible, to make an appointment to discuss your personal planning matters with our staff."

Kingborough Sports Centre opened four purpose-built pickleball courts on Friday, February 26. Many attended the launch including President of Pickleball Tasmania Robbie Cooper, Pickleball South Co-ordinator Ann Hines, Minister for Sport Jane Howlett MLC, Member for Franklin, the Honourable Jackie Petrusma MP and Contact Officer for Pickleball Tasmania, local real estate agent Peter Hodgman. Pickleball comes to Kingborough

Kingborough Sports Centre opened new, purpose-built pickleball courts on Friday, February 26.

As part of its new year annual refurbishment, the Kingborough Sports Centre has added four purpose built pickleball courts to its indoor stadium activities.

The four pickleball courts are the first in Tasmania. To celebrate a special launch was held on February 26.

The Kingborough Sports Centre and Pickleball Tasmania have worked together to grow the new sport in the community.

Pickleball is one of the fastest growing sports in the world and has seen significant growth in Tasmania over the past few years. This growth, together with the four newly-marked pickleball courts, has

led to Kingborough Sports Centre becoming the home of pickleball in

The sport is a unique mix of tennis, table tennis and badminton.

Players hit a hard plastic ball using a paddle over a tennis-sized net on a

badminton-sized court.

Mayor of Kingborough, Cr Dean Winter said, "The Kingborough Sports Precinct continues to lead the field when it comes to innovation and the continuing support of many sports in the Southern Region.

"To add Pickleball to its already long list of sports that are located in the facility is recognition to just how popular the precinct is to the broader community.

"The Kingborough Sports Precinct and, in particular, the Sports Centre is a perfect example of how multi-use sport facilities allow far greater use and better access for a large range of groups.

"The Sports Centre is now home to over 15 different sporting organisations all working together to maximise space and time."

Contact Officer for Pickleball Tasmania, Peter Hodgman said, "Pickleball is unique in that it uses tennis skills, but you don't need to run as far being a smaller court.

"It also adds table tennis skills as the paddle is a similar size, but the best part is it is a lot of fun and the games can be as long or as short as you want.

LETTERS TO THE EDITOR

Southern Outlet

Dear Editor,

improve traffic flow.

Further to my letter to the editor published on February 9, I will once again lobby councillors/aldermen and Members of State Parliament representing Franklin to encourage action to resolve problems facing Kingborough residents during peak periods on the Southern Outlet.

There is a simple solution to this problem.

I have written previously to these groups however most councillors/aldermen and MPs are of the opinion only they have answers, while ratepayers and electors do not.

To be fair this group and others seeking candidacy will be too busy with election campaigns.

They will be focused on riches offered in 2022, with three elections, State, Federal and Council, all in one year. If ratepayers and electors hope to solve the Southern

Outlet problem, we will have to do the initial work to

Oversight of local council

I share the common belief that 'charity begins at home' and, at the other end of the scale, it makes sense that accountability and corruption should be tackled locally.

Well done, Kingborough Chronicle for making life uncomfortable for those in office who need watching.

In light of your recent article Ratepayers Raise Governance Issues, published on February 16, I would appreciate if a Kingborough Council representative could please inform ratepayers in this forum on the process for appointing and dismissing a council general manger.

Chipping away at native forests

Recently a group of determined forest defenders shut down the Artec woodchip mill in Bell Bay for half

About 50 log trucks lined the road waiting to unload. The lineup shocked many Tasmanians, most who falsely believed that native forests were no longer being chipped.

The simple truth is that Sustainable Timber Tasmania is allowing the continued chipping of native forest.

This forestry conglomerate is willing to lie to you and tell you that they are sustainable.

Replacing every native tree felled in a forest with a plantation tree for future harvesting is not sustainable, it is the perpetuation of government funded ecocide.

Artec; it is time to stop chipping native forest.

Kingborough Council's next guided Seasonal Walks for Seniors is scheduled for Thursday, March 11 at the Boronia Beach track in Kingston. (PS)

Guided walks for seniors

The first of Kingborough Council's guided Seasonal Walks for Seniors is scheduled for Thursday, March 11.

Starting at 11am, walkers will be guided along the popular and beautiful Boronia Beach track in Kingston.

Walkers can expect a delightful, relaxed ramble with good company and a light lunch provided.

Dates have also been set for the winter, spring and summer walks, with destinations to be confirmed.

All three walks are scheduled be held on Thursdays, on the dates of June 10, October 14 and December 9.

Last year as part of Seniors Week, Kingborough Council hosted a group bushwalk along the coastline from Trial

Bay to Kettering. Participants learned about local flora and fauna and the history of the area from information provided by the storehouse of Kingborough's heritage, the Channel

The event was so well received, that council has scheduled this series of gentle local walks where the focus is on learning about places, as well as enjoying the beautiful surroundings on offer in our own local

Kingborough backyard. The walks are part of Kingborough Council's Positive Ageing program and are run in conjunction with the Natural Areas Network team.

Walks are free and bookings are essential.

For details and bookings please phone Kingborough Council's Community Development Officer on 6211 8170 or email jalderfox@kingborough.tas.gov.au

Woodbridge Oval renaming

Kingborough Council is inviting community input on a proposal to rename Woodbridge Oval, via an online survey.

Council has received a proposal from the Woodbridge Cricket Club to rename the Woodbridge Oval in honour of Lily Poulett-Harris.

Council's online survey states Ms Poulett-Harris is acknowledged by Cricket Australia as being instrumental to the development of women's cricket in Australia and was highly regarded within the local community.

Lily Poulett-Harris was a resident of Woodbridge from 1885 to 1894, during which time she played for the Oyster Cove Ladies Cricket Club, based at Kettering.

She died of tuberculosis at the age of 23 and is remembered by a plaque at the St Simon and St Judes Church in Woodbridge.

It has been suggested that naming the oval in her honour may provide an attraction for tourists and a ref-

000

erence point for young aspiring female cricketers.

However, council's survey states the proposal does not have universal support within the Woodbridge community, with some noting historical claims made in relation to Ms Poulett-Harris' contribution to organising local women's cricket competition are inconclusive.

It is argued that, as Woodbridge prides itself on its heritage character, renaming the oval after someone who never played for the township or at the oval would be misleading.

An alternative proposal is for the pavilion be named after Ms Poulett-Harris, however this option will not bring formal naming recognition.

Council has invited community input to determine if broad support exists for the proposal.

The survey is due to close on March 21.

Job seekers below poverty line

The Tasmanian Council of Social Services Inc incentives to work." (TasCOSS) has warned that an overall reduction in income for job seekers to a level "well below the poverty line" will see welfare groups bracing for an increase in food relief, emergency accommodation and counselling, after the federal government locked in the JobSeeker payment at \$44 per day on February 23.

The revised rate is set to come into effect from April 1. TasCOSS Chief Executive Officer Ms Adrienne Picone said the decision was "cruel and short-sighted" and indicative of "a heartless government that is out of touch with the needs of Tasmanians looking for work"

"This pittance of an increase will do little to boost their confidence in a Tasmanian jobs market where more than 40,000 Tasmanians are looking for work or more hours and there are 17 job seekers for every advertised job," said Ms Picone.

"Between April and September last year, the \$550 Coronavirus Supplement ensured Tasmanian job seekers, many for the first time, had the capacity to afford the basics and live with dignity.'

The supplement was cut back to \$250 per fortnight until the end of December last year and reduced further to \$150 per fortnight on January 1.

The supplement is due to end on March 31.

Further, Ms Picone said the community was yet to see the combined impacts of the withdrawal of JobKeeper and the end of rental eviction moratoriums.

"We know the physical and mental impacts of living in poverty and the toll it takes on lives and livelihoods, on communities, and on families and friends," said Ms Picone. "Under the new rate of JobSeeker, a further \$3.5 million per fortnight will be stripped out of the Tasmanian

Ms Picone also noted the revised payment is "well below" the amount the Reserve Bank of Australia, business groups, leading economists and Tasmanian community services industry have been calling for.

The Kingborough Chronicle asked federal Senators the Honourable Jonathon Duniam and the Honourable Eric Abetz to explain why the government hasn't raised the JobSeeker payment further, at least above the poverty line, and the likely impact on Kingborough individuals, families and businesses in the months ahead.

"JobSeeker is a safety net payment, not a wage replacement, and our key focus remains in jobs creation and getting people back into work," replied Senator

"We need to make sure we get the balance right between support for people while they look for a job and

"The boost to payments was clearly stated to be a short-term emergency measure from which all recipients benefitted to help keep the economy afloat, which in turn maintains the tax base for welfare payments," stated Senator Abetz.

However, on February 25, a motion to amend the decision via a Senate Inquiry passed the Senate, 31 votes to 30.

The Kingborough Chronicle also asked federal Senators Duniam and Abetz to explain how the federal government could afford record spending in other areas, such as weapons and military, but not afford to raise the income of job seekers to at least above the poverty line.

"\$275 billion of the Budget is spent on welfare, whereas \$34 billion is spent on defence," replied Senator Abetz.

"The first task of the national government is to maintain its sovereignty from external aggression.

"The balance is appropriate."

Meanwhile on February 26, the federal parliament approved \$500 million to be spent on redeveloping the Australian War Memorial in Canberra.

Tasmanian independent Member for Clark, Andrew Wilkie MP opposed the move, stating it was an "outrageous expenditure at this point in time".

Channel Court Shopping Centre in Kingston shared details of their recent Become Part of the Picture competition winner on social media on February 23. After purchasing a new pair of shoes and a bag with his shopping centre voucher prize, the young winner, Elijah, treated others. "He treated his brothers to a ball and a few other little treats. Elijah had just under half of his voucher left and he paid for the lady's shoes who was in line behind him. She was completely floored! Elijah had everything his little heart could want." (PS)

Loss of local character

Continued from front page

"Kingborough's transition to the new scheme has been held up within the Tasmanian Planning Commission, almost 12 months after it submitted its proposed LPS for assessment."

Ms Underwood said the planning directive affects local residential standards and includes:

- No maximum limit on impervious surfaces (concrete or roof space) leading to increased potential flooding issues and hotter living environments.
- No requirement for sunlight into habitable rooms or gardens.
- Bigger sheds with no permit required.
- Removal of rear boundary setbacks impacting privacy and shadowing.

"We've always said planning scheme changes will lead to a loss of local character and an increase in conflict amongst neighbours but this directive will accentuate these issues and take them to another level," Ms Underwood continued.

"Land use planning rules govern how our communities look and how we interact and they need review and

"Instead they are being weakened by unilateral government decisions that weaken protections and do not meet community expectations.

"As Tasmania's post COVID appeal leads to population growth and massive pressure on coastlines and periurban areas we should be taking steps to protect the things that make Tasmania special.

"This directive does the exact opposite."

"Peter Gutwein, as the Minister who bought in the state-wide scheme, always lead us to believe that we would be able to protect local character through each Council's Local Provisions Schedules but this directive undermines that commitment by circumventing the local process.'

PMAT was awarded the 2020 Planning Champion prize at the national Planning Institute of Australia awards.

The Kingborough Chronicle has approached Premier Gutwein and Minister Jaensch for comment regarding the lack of consultation and circumvention of the Local Provision Schedule process

COMMENT COLUMN with Julie Collins Labor MP

Government proving slow on delivering results

The Kingborough community has still been left without any large infrastructure commitments.

This is despite the state and federal governments pledging last year to fast-track infrastructure projects as part of Tasmania's post COVID-19 recovery.

This is unsurprising for this government, quick to announce but slow in the delivery.

The Hobart City Deal outlined a range of infrastructure projects that could be brought forward, not only to create jobs in Kingborough but to ease traffic congestion. Where is the fifth lane on the Southern Outlet that was promised as part of the City Deal?

Last year's annual report of the Hobart City Deal outlined that "work is underway to progress detailed design options for the fifth lane on the Southern Outlet".

The state and federal governments should bring this project forward to assist in easing traffic into the city on one of the busiest roads in Tasmania.

The Mayor of Kingborough also recently spoke on the

state government's lack of investment in road infrastructure around the new Huntingfield development.

With the development in Huntingfield expected to bring an additional 470 homes, it is disappointing to see that no commitments have been made to support the growth in population.

Both state and federal governments have announced the fast-tracking of infrastructure projects in Tasmania.

The Kingborough region has a number of key projects that have already been identified as priority projects, however, the government is yet to announce the fast-tracking of any of these projects.

Kingborough is one of the fastest growing regions in Tasmania but has had minimal commitments from the state and federal governments.

Kingborough residents need governments that will actually deliver infrastructure announcements to address the growing population and ensure that the issues of congestion around Kingston and into Hobart are addressed.

Senator Bilyk fights brain tumour

Local Federal Senator Catryna Bilyk is taking a short leave of absence from Parliament after being diagnosed with a slow-growing meningioma (brain tumour) before Christmas last year.

Senator Bilyk's medical professionals are monitoring her progress and at this stage it does not pose a serious threat to her health.

"I am still available to serve my Tasmanian constituents, so if you have any issues or queries I can help with please feel free to contact my office," Senator Bilyk stated on her social media.

"I'd like to remind anyone who wishes to support brain cancer or brain tumour patients to please donate to Cure Brain Cancer."

Senator Bilyk was previously diagnosed with brain cancer, having it removed in 2008, and has continually campaigned for greater research efforts to improve outcomes for patients of brain cancer and other cancers with low survival rates.

Her advocacy has led to around \$170 million in investments in brain cancer and disease research.

In addition, Senator Bilyk has organised events which have so far raised more than \$160,000 for brain cancer research.

Federal Senator Catryna Bilyk has been diagnosed with a slow-growing meningioma (brain tumour) and is taking a short leave of absence from Parliament. (PS)

Youth want viewpoints acted upon

A report released on February 18 by the Youth Network of Tasmania (YNOT) shows that young people want to have a greater voice in the future of Tasmania.

Young people reported that although mechanisms exist to engage with local and state government and other agencies, many appeared to be tokenistic.

YNOT is the peak body representing the voice of Tasmanian young people.

YNOT chief executive officer Tania Hunt said young people are feeling ignored, shut down and frustrated that their views and opinions are not taken seriously.

"Young people want to be listened to and acknowledged, but importantly they want action taken in response to their concerns," said Ms Hunt.

"Young people are calling for more opportunities to meaningfully participate in the development of programs, policies and initiatives that impact their lives, and greater involvement in decision making."

Participating in the Tasmanian Youth Forum online consultation and survey in October last year, 215 young Tasmanians aged 12 to 25 years shared their views on how to build a better Tasmania for young people.

The resulting report found young Tasmanians want

greater involvement in local government, increased understanding of, and training in, civic and political processes, greater investment in the state's Youth Peak body and a more accessible and inclusive Premier's Youth Advisory Council.

The report also found that young people want help in expressing their views and more opportunities to do so. Equitable access to opportunities, social connection, community safety, diversity and inclusion also feature heavily in the report.

A participant noted decisions made by government leaders impacted today's youth in the longer term.

"We need to be heard because we are the future, we have to live with today's mistakes," said the participant.

"The decisions current leaders make will affect us more than them."

Kingborough Councillor Amanda Midgley recently suggested a youth column in the *Kingborough Chronicle*, as a means for local young people to express their viewpoints.

The *Kingborough Chronicle* is inviting local secondary schools to contribute opinion piece contributions from their students in the coming weeks, for a regular youth voice column.

From the spa in the spacious bathroom, enjoy spectacular pink sunsets over the often-snow-tipped Harts Peak mountains, or soak this vista in from the largecovered timber deck that spans the length of the house and wraps around its northern and eastern sides.

A jetty and boat ramp are only a short walk away, as is a sandy beach, perfect for swimming.

A small cove near the northern front of the property provides a sheltered place to keep a yacht, a motorboat or tinny to push out and fish for flathead

Potential exists for a mooring as the neighbouring property has a yacht moored from one of two moorings. Boating opportunities abound from this location and long summer days provide opportunity to adventure to Mickeys Bay or Tinpot.

The home is spacious with an open style kitchen, living and dining area.

A wood heater provides the home with warmth and ambience.

There are two well-proportioned bedrooms, both with outside access.

The main bedroom has full-length built-in wardrobes and an ensuite shower.

From the living room and main bedroom, glass sliding doors open onto the covered deck and there's full-height windows along the western side, all taking advantage of the views and peaceful setting.

The kitchen offers generous bench space, a gas cooktop and oven.

A study/office area has potential to be a third bedroom and there's a large separate laundry area with generous

This unique property has new carpet and additional features include two dams, ample off-street parking, two storage sheds and three water storage tanks.

Positioned in a cul-de-sac off the main road, there's an abundant birdlife, including sea eagles, and other native animals, including echidnas and wallabies.

Surfing hot-spot Cloudy Bay Beach is a short drive away and the iconic Cape Bruny Lighthouse in South Bruny National Park is only ten minutes in the opposite direction.

The township of Bruny Island is only seven kilometres to the north, via the local winery.

Style, space, position

This is a property that anyone would feel lucky to

Taking prime position on the corner of Beach Street and Luttrell Avenue in Bellerive, when it comes to convenience and lifestyle, this home has it in spades.

Built in 2015, the property has been cleverly designed to accommodate a large family whilst embodying a sense of style and elegance.

Step inside the impressive front door and be greeted by the high ceilings, neutral colours and warmth from the timber floorboards.

It flows from lounge, kitchen and dining, then rolls seamlessly to the backyard.

The master suite has a large walk-in robe and a beautiful ensuite with a walk-in shower and bath to soak. Downstairs there is an additional bedroom, study

nook, powder room and substantial laundry. Ascending the stairs to the second level of the home you will be struck by the architectural lines, reclaimed timber and stunning use of windows and skylights.

Here there are three bedrooms, all with built-in robes ready for your family.

The bathroom upstairs also has a bath and separate shower with w/c located separately for convenience.

The double garage features internal access and a loftlike roofline to provide further storage options

The yard has been cleverly designed to maximise the area, with a blend of plants, lawn and a brilliant entertainment area complete with built-in fireplace.

Enjoy your wonderful home or step across the road to the beach.

Walk to the amazing local parks, cafes and services in Bellerive or drive to Hobart's CBD in seven minutes.

This is an opportunity not to be missed.

A modern home with room for all in a blue-chip location.

Unfaultable service

Our professional journey with Kerri-Louise began six months before we listed with her. She expertly talked us through the improvements we could make which would provide us the best return.

We soon learned that this kind of 'extra-mile' service is EXACTLY what sets her apart as an agent. She takes the time to get to know you, your circumstances and works tirelessly to achieve a brilliant all-round result.

Kerri-Louise kept us informed at all times but didn't overwhelm us with details. We noticed she always seemed to be thinking five steps ahead, ensuring she/we were prepared for any potential obstacles. She was always in our corner, and frankly unflappable.

We can't thank her enough for guiding us through this tricky process. Kerri-Louise was able to achieve a market result we thought was unattainable and we are now able to reflect on this experience with fondness, knowing we absolutely made the right choice in selecting her as our agent.

South African goodies

Jacques Forsman, proprietor of Homeland Goodies in Mertonvale, is bringing a touch of his South African homeland to the people of Kingborough.

Homeland Goodies opened in early 2020 and offers a wide range of South African food not normally available in Tasmanian supermarkets.

In addition to packaged goods there's handmade biltong, a traditional 'jerky' style beef, air dried, cured and prepared as only the South Africans know how.

"Our biltong is made using the finest, grass-fed beef cuts," explained Jacques.

"We first dry the meat until it's cured perfectly.

"Then it's all about the seasoning, flavours and the way in which we slice.

"There's no artificial spices or flavouring and it's a very

Hearing Awareness Week 2021

Are you missing all the sounds you used to love?

Rain on a tin roof, early morning bird calls, the soft murmurs of a sleeping child, these are the sounds that connect us to our world.

They have the power to transport us to places deep within our memory, or make us laugh at unexpected moments. They are the sounds that make us happy.

If you have concerns about your hearing, Hearing Australia has answers.

Ask yourself, do you have trouble understanding people who aren't facing you?

Do others complain that your television is too loud? Do you have trouble hearing the phone ring? Do you find it difficult to follow conversations in noisy

Have you noticed any of these signs?

Changes in hearing are common and these changes can happen so gradually a person may not even notice.

That's why it's easy to become accustomed to living with less-than-perfect hearing.

Good hearing is important to keep in touch with your loved ones and stay connected to the world around you. No matter your age or hearing needs, Hearing Australia can assist you to rediscover the sounds you love and stay connected to what matters most.

Who is Hearing Australia?

Your hearing is our passion.

For over 70 years, we have had the privilege of helping Australians rediscover the joy of sound, keeping you connected to the people and life you love.

With a dedicated team, we are the nation's largest provider of government-funded hearing services for children, young adults under 26, Aboriginal and Torres Strait Islander people, pensioners and veterans

We will work with you to deliver on the promise to offer world-leading hearing solutions anyone can access.

To make a difference to your quality of life, contact Hearing Australia on 131 797.

Hearing and aftercare clinic

Local audiologists Nick and Heidi Modrovich have witnessed the hearing care industry grow and become increasingly competitive over the past 20 years.

In 2017, the hearing aid sector was put on notice after the Australian Competition and Consumer Commission (ACCC) identified pressure from clinicians to sell a more expensive hearing aid than what was needed.

Although, the industry has since outlawed clinician commissions, consumers need to be aware that many clinicians still work under corporate sales pressures.

Clinicians often felt pressured and were not always

able to provide independent and impartial advice based

The ACCC further cautioned consumers to be aware of hearing clinics owned by hearing aid manufacturers.

If customers are unsure of hearing aid recommendations, it is a good idea to seek a second opinion from an independent hearing provider.

"The bottom line when purchasing hearing aids is to make sure you understand what you are purchasing," said Audiologist Heidi Modrovich.

"Hearing aids are not a cure for hearing loss.

"Although they work very well when fitted properly,

there is an adjustment period.

"You want a clinic that focusses on aftercare rather just a quick sale.

"You don't have to make a decision there and then.

"It is okay to seek a second opinion if you are unsure. Dissatisfaction with performance is one of the biggest reasons people give up on hearing aids.

Do your research, ask for a word-of-mouth referral and consider supporting the smaller, independent clinics.

Nick and Heidi Modrovich are the owners of Ability Hearing and Balance, the only Tasmanian-owned hearing clinic in Kingborough.

Relief from ear wax build up

Earworx helps Tasmanians every day to relieve them of ear wax build-up and the associated discomfort, hearing loss and pain this can cause.

Their team take pride in their exceptional service and take a caring and compassionate approach to ear health.

Many people are familiar with the disorienting experience

It can severely impact your ability to enjoy life

More than one third of elderly people in our community suffer from excessive ear wax.

This condition can significantly impact day-to-day life and

the ability to hear and communicate effectively. Although Earworx are based in Tasmania, through their work with patients across Australia, they know how uncomfortable and inconvenient hearing loss from a build-up of ear wax can be.

Earworx specialise in professional ear wax removal, using dry, safe and effective micro-suction technology to gently and easily remove wax

This is the preferred technique used by ear, nose and throat specialists

Some people are more likely to experience a build-up of ear wax than others

These include people with narrow, hairy or curvy ear canals, who wear hearing aids, who use cotton buds or other objects such as ear plugs or ear bud headphones, who work in dusty or dirty environments or people with a hereditary disposition to wax impaction.

A build-up of ear wax can feel like blockage or fullness in your ears and can also lead to hearing loss or tinnitus.

If you or an older member of your family are experiencing any of these symptoms, Earworx's friendly and professional registered nurses can assist you.

They are passionate about ear wax removal, it's their core business and what they do best.

The hearing-impaired community in Tasmania deserve to be treated with respect, care and dignity.

These Tasmanian's work hard, care for families and as

such it is important that they experience the best quality of life that is available to them.

Make a booking today and let Earworx help you to be able to hear, communicate and fully participate in community

Assistant Minister for Industry Development Jonno Duniam at Beach Road, Kingston Beach, which will benefit from \$435,000 to widen the pathway, add new fencing, lighting, a retaining wall and upgrade stormwater infrastructure. (PS)

Funding flows to Beach Road

New road safety upgrades and improvements will be delivered across the Kingborough council areas thanks to funding from the Australian and Tasmanian Governments.

The \$435,000 project will widen the pathway on the golf club side of Beach Road, Kingston Beach to 2.2 metres, as well as adding new fencing, lighting, a retaining wall and upgrading stormwater infrastructure.

Mayor of Kingborough, Cr Dean Winter said the project was one that council had been thinking about for some time and will improve the pedestrian and cycling linkage from Kingston to Kingston Beach.

"The aim of the project is to improve the link between Kingston and Kingston Beach," Mayor Winter explained.

"The footpath is very narrow with pedestrians forced to walk on the road to pass other walkers.

"The upgrade will make it safer and more attractive to

"One of the big pieces of feedback we got from our Kingston place strategy was that people needed better linkages in and out of Kingston.

"This project will certainly assist with that.

"It is only a little over 1km from Kingston to Kingston Beach.

"We would love to see more people making this journey on foot or on their bike."

Assistant Minister for Industry Development Jonno Duniam said the timing couldn't be better for funding to flow for crucial road safety improvements in Franklin.

"This vital funding is not only providing a much-needed boost to local jobs and the economy, it's delivering life-saving works to ensure road users stay safe," Assistant Minister Duniam said.

"I'm pleased to see a total of more than \$1 million from the Federal and State Governments to be shared across the Huon Valley and Kingborough council areas to fund new road safety upgrades and improvements to help reduce the number of fatalities and serious injuries occurring on our roads.

"The Federal Government has contributed \$217,500 to construct a shared path on Beach Road in Kingston and \$85,000 to construct passing bays, signage and guide posts on Van Morey Road in Margate.

"The most important thing we can do for our community is ensure we all get home safely as even one death or one serious injury crash on our roads is one too many."

Deputy Prime Minister and Minister for Infrastructure, Transport and Regional Development Michael McCormack said the additional works under the \$2 billion Road Safety Program commenced in January 2021 and will be completed by mid-2022, improving safety and supporting jobs right across the country.

The Australian Government's funding for the Road Safety Program is subject to 'use it or lose it' provisions which require states and territories to use their notionally allocated funds within a timeframe, or the funds can be reallocated to projects in other jurisdictions.

Kingborough dealt reality check by Dover

In the Bowls Tasmania South Saturday Pennant Competition on February 20, Kingborough's Premier Division Team received a reality check when they travelled away to Dover RSL Bowls Club.

In a closely fought game Kingborough, who at that stage were hanging on to top of the competition ladder, were only able to win on one rink and drawn another with their hosts winning on the other two rinks.

Dover won overall 75 shots to 70.

Kingborough's winning rink was Will Coad, with Jason Fowler managing a 19-19 draw.

Dover's win on their new synthetic green toppled Kingborough from top of the ladder into second place, with Sandy Bay taking a 2-point lead with one roster game to play before the finals commence.

Division 1 collected all 14 points on the day when they had a whitewash win over the visiting Oatlands team in the Donald Hazell Indoor Centre at Margate.

Kingborough had a good 95 shots to 53 win against the visitors, winning on all four rinks played.

Tony Rowe with Michael Andersch, lan Harris and Vincent Grimes had a runaway 25-6 win on their rink. Mark Crawford with Darren Reeve, Graeme Walker and James La Duke won 25-16.

Tony Clark with Michael Steele, Ian Cooke and Conrad Westhead won 22-14 and Brad Sculthorpe with Gavin Cleary, Dominic Lacy and Peter Kirby got up 23-17.

This win cements them into 3rd place on the competition ladder

Division 3 also are sitting in 2nd place on the competition ladder after travelling away to Orford Bowls Club. mastering the new synthetic green there.

They won overall 97 shots to 64, winning on three of the four rinks played on the day.

Allen Sculthorpe with John Oates, Vicki Bannister and Mark Drake won 30-9.

Anthony Scultorpe with lain Dinning, John Mac and Ken Dubois won 31-12 and Fred Shead with Terry Thompson, Tom Ferguson and Daniel Holland got up 21-18.

Division 4 did not have the day they hoped for when they hosted the visiting Howrah Bowls Club team on grass at Margate.

Howrah won three of the four rinks played and defeated their hosts 88 shots to 57.

Sue Mann's rink managed a 1 shot 18-17 win. Division 6, after a good win away at Brighton Bowls Club are in 2nd place on the competition ladder, only 2 points behind Dover, after winning on all three rinks

Bruce Moran's rink won 22-16, George Rahmanovic 18-14 and Michael Cawthorn 19-17.

played, they defeated Brighton 59 shots to 47.

Division 7 were out bowled by the visiting Brighton Bowls Club team at Margate.

Brighton won on both rinks played and defeated Kingborough overall 53 shots to 30. Monday, February 22 the Kingborough Bowls and

Community Club was a buzz with activity as the annual Kingborough Friendship Day was held at the club. The event saw 66 bowlers, male and female, from the

Kingborough Club along with bowlers from various Bowls Clubs in the south of the state as well as some social bowlers, attended and enjoyed two games of bowls and a barbeque lunch.

The weather was kind to the attending bowlers and

both games, one before and one after lunch, were played in excellent conditions on both outdoor grass greens.

In the mid-week Wednesday Pennant Competition, Division 1 almost made a clean sweep on all three rinks, winning on two and drawing on the third.

With an overall win of 78 shots to 53 against the visiting Glenorchy City Bowls Club team and picking up 11 of the 12 points up for offer, it was still not enough to get them into the top four on the competition ladder. With two more rostered games to play before the top

four play off in the finals, Division 1 find themselves seven points behind Beltana who are in 4th place. Graeme Walker with Ian Harris, Jeff Parsons and Tony

Verrier won on their rink, 34-22. Gavin Cleary with Michael Andersch, Darren Reeve and Conrad Westhead won 25-12 with Shane Garth's rink

drawing 19-19. Division 3 travelled away to Glenorchy City Bowls Club at Berriedale and even though they won on two of

the three rinks played they were defeated overall by their hosts, 55 shots to 50. Mike Westlake won 17-14 and Fred Shead 19-17.

Division 3 are presently sitting on 6th place on the competition ladder and would need extremely good wins in the final two games to get into finals playoffs. Division 4 came up against ladder leaders as they

hosted Orford on grass at Margate. The home team was outplayed on all three rinks played and they were defeated by the visitors, 78 shots

This loss dropped Division 4 into 5th place on the ladder, five shots behind Brighton.

They will have to be extremely lucky to make the final four as they have a bye in the final round of the com-In the Thursday Women's Pennant Competition,

Kingborough's Division 1 team hosted the visiting Sandy Bay Bowls Club team in the Donald Hazell Indoor Centre at Margate. Kingborough found the going tough and only man-

aged to win on one rink with Sandy Bay winning the other two. Sandy Bay won overall 69 shots to 47.

Vicki Bannister's rink won 17-15. With only one more rostered game to play in the competition, Division 1 find themselves positioned in 6th

place on the ladder. Division 2 travelled away to Sandy Bay Bowls Club where they pulled off an excellent result which gives them a good chance of not finishing in last place on the ladder, they picked up 11 points of the 12 points on

offer, winning on two rinks and drawing on the third. They defeated Sandy Bay overall 62 shots to 45.

Veronica Cleary with Maureen Sculthorpe, Dianne Lovell and Fiona Hickey had an exceptionally good 24-13 win.

Glenus Johnson with Glenna Thompson, Margaret Thorpe and Ida Jones won 20-14 and Pam Rosevear's rink drew 18-18.

This win places them eight points in front of Cremorne who are sitting in last spot.

Division 5 had an overall 43 shots to 35 win against their hosts when they travelled away to Howrah Bowls Club.

They defeated Howrah on both rinks played with Helena Harris winning 24-20 and Jean Hemmings 19-15.

Bike Week begins

Tasmanian Bike Week commences on Sunday, March 7.

Bicycle Network Tasmania is holding both its most

popular Bike Week events in Kingborough this year. Women on Wheels will be held on Sunday, March 7, utilizing the Snug to Margate shared path and quiet

roads, over a 14.4 kilometre loop route. The ride is free and open to beginner and intermediate skilled riders, meeting at Dru Point car park at

On Sunday, March 14 Bicycle Network Tasmania's Kingborough Treasure Hunt will return to the Peter Murrell Reserve in Huntingfield from 2pm.

The event involves bicycle orienteering within the nature reserve, providing individuals and families an opportunity to go for a ride with the goal of solving puzzle clues.

Participants will start in timed groups which will be allocated once registered.

To register go to registernow.com.au/secure /Register.aspx?E=42617
