Kingborough Hub's Creative Market founder and coordinator Tanya Moore (middle) is stepping down from her position to be closer to family. Hayley Barber (left) and Lauren Yomataris (right) will be taking over from Tanya. (PS)

## Thanks, Tanya

**Kingborough Hub said farewell to its Creative Market founder and coordinator Tanya Moore at the market last weekend.**

After 10 years of mentorship, encouragement and market coordination, Tanya is leaving the state to be closer to family.

Tanya's market coordination journey started back in 2012 when she founded the very popular 'The Shabby Market'.

Tanya's mission throughout her

market journey has been to provide a platform to encourage and support Tasmanian businesses gain exposure and trade.

Hayley Barber and Lauren Yomataris will be taking over from Tanya as joint market coordinators.

"We would like to wish Tanya well on her adventure to far north Queensland," Lauren said.

"She is well loved in the community."

## Testing continues at Blackmans Bay

**Members of the Kingborough community have continued to ask questions and express concerns regarding the recent Blackmans Bay water contamination.**

The public were advised against swimming at Blackmans Bay Beach following a sewerage blockage and spill on Friday, March 24.

The Kingborough Council announced an update on Facebook on April 6 advising the no swim advisory signage had been removed from Blackmans Bay Beach following a water quality result.

The source of the contamination has not yet been identified and Council are continuing to investigate.

Community members have taken to this Facebook post to make suggestions of potential causes for this contamination and to express their concerns.

The *Kingborough Chronicle* has brought the community's thoughts to Kingborough Council for comment.

Kingborough Mayor Paula Wriedt said investigating the

poor water quality at Blackmans Bay Beach is, and will continue to be, a priority for Council.

"Local Councils, the Derwent Estuary Program and the Environmental Protection Authority collect water samples from 35 sites throughout the Derwent Estuary each Tuesday during swimming season, from the start of December to the end of March," Cr Wriedt said.

"This program is called the Beach Watch Program and it has been running for over 20 years.

"Following the high levels of bacteria (enterococci) detected at Blackmans Bay Beach as part of the Program, Council erected signs advising against swimming.

"On April 6, test results improved, and the no swim advisory signs were taken down.

"While the swimming season has finished and signs have now been removed, Council Officers continue to investigate recent poor water quality trends at the beach.

"The presence of this type of bacteria in water samples is an indicator of faecal contamination."

LETTERS TO THE EDITOR

A clear threat to other road users

Dear Editor,

A recent correspondent to the *Chronicle* suggested  
there was little reason to change the current 60km/h  
speed limit through Kettering.  
Kettering Community Association (KCA) takes a different  
view and believes that for reasons of safety this should  
be reduced to 50km/h and has been pressing its case  
for at least four years with the full support of  
Kingborough Council, but so far without success.  
Kettering is a growing community with a consequent  
rise in traffic.  
It is clear some drivers of cars and trucks regularly  
exceed the speed limit, and this poses a clear threat to  
other road users, especially pedestrians.  
Along the Channel Highway and adjoining roads in  
Kettering there are nine road junctions, more than 20  
businesses, seven private marinas and a range of  
community venues (including access to well-used  
walking tracks) with service driveways.  
In addition, Kettering has a number of Metro bus  
stops, it's a pick-up and drop-off point for regular  
school buses and is now catering for a significant  
increase in visitors using the Bruny ferries.  
The post office/general store/service station is  
constantly busy, and for those people trying to enter or  
exit, sight-lines for oncoming traffic are restricted.

Some years ago, when KCA first raised the case for a  
lower speed limit on Channel Highway, the Department  
of State Growth responded "pedestrian activity across  
the road is not sufficient to justify a lower speed limit".  
Kettering Community Association takes the view that,  
given a growing township, increased residential  
development and a rise in commercial activity, the situ-  
ation has now changed and in the interests of safety the  
time is long overdue for the speed limit to be reduced  
to 50km/h in line with limits in Margate and  
Woodbridge.

Art show at the Kingborough Hub

The 2022 Kingborough Art Prize winner was Steph Houstein's "Desire Lines 4". The 2023 Kingborough Art Prize exhibition and sale will be held at the Kingborough Hub from April 20 to April 23. (PS)

The Lions Club of Kingborough is holding the 2023 Kingborough Art Prize with an exhibition and sale at the Kingborough Hub from 1pm Thursday, April 20 till 3pm Sunday, April 23.

The main prize of \$1000 will be awarded to the overall winner and prizes worth \$600 each will be awarded for the categories of Painting, Works on Paper and Design/3D.

Come and view the extensive range of original artworks on display and find something you will be proud to display in your home or business.

The Lions Club of Kingborough has organised and successfully managed local art exhibitions for approximately 22 years and is grateful to the participating artisans who submit diverse and affordable art works.

The Lions Club of Kingborough is a service organisation dedicated to helping and supporting our community and further afield, when necessary.

All Lions are volunteer workers, so 100 per cent of proceeds raised from this event will go directly to causes in need.

Information about this event for artists and visitors is available at [www.kingboroughartprize.org](http://www.kingboroughartprize.org)

# Bacteria free beaches

**From page 1**  
Kingborough Mayor Paula Wriedt said there are many ways that bacteria can end up in beach water including animal faeces and other material being washed down the roads, large flocks of seagulls in the water and sewerage spills.  
“There have been a number of sewer spills recently that may have contributed to the poor water quality results,” Cr Wriedt said.  
“One of the main ways people can help prevent blockages is by putting only the three P’s down the toilet-poo, pee and (toilet) paper.  
“Council’s Stormwater Investigations Officer has been on the ground across the catchment, testing outfalls, checking connections and following up reports of contamination to trace the possible bacteria sources.  
“Council will also be working collaboratively with TasWater across the cooler months, sampling and actively investigating the Blackmans Bay catchment.  
“Blackmans Bay water quality is an important priority for Council, and we do appreciate the community alerting us to issues that they see in their areas.”  
Council can be contacted via email [kc@kingborough.tas.gov.au](mailto:kc@kingborough.tas.gov.au) or call 6211 8200.

# New market coordinators

**From page 1**  
Hayley and Lauren hope to build on Tanya’s legacy as they take on coordinating the creative market.  
“Tanya has done the heavy lifting since taking over from the previous The Kingston Market run at the Hub, creating a quality market with high patronage, a variety of handmade stalls, delicious food options and entertainment and produce,” Hayley said.  
Hayley and Lauren’s vision for the market is to create a space for budding entrepreneurs to showcase their wares and to offer a diverse, entertaining and community-centred market.  
“To enhance community engagement and as a way to give back locally, each month we will invite a local community group to host a stall for free and give them a chance to reach a wider audience with a spotlight on our social channels and in person, raising awareness for them and the issues they are supporting,” Lauren said.  
“We will also be on the hunt for local talent to provide entertainment; musicians and entertainers of all sorts are welcome to get in touch.  
“We plan to continue Tanya’s work with the next generation, offering a youth section and we encourage any aspiring entrepreneurial youth to get in touch if they’d like to host a stall.”  
Lauren and Hayley said Tanya’s expertise and knowledge will be missed but they are ready for the challenge.

# Extra helping hands for Easter

Huon Aquaculture teamed up with Kingborough Helping Hands to deliver a special food run on Good Friday, April 6. (PS)

## Huon Aquaculture joined Kingborough Helping Hands on a food run on Good Friday, April 6.

"The team at Kingborough Helping Hands provide an incredible service to the local community and we thought they might need some extra helping hands over Easter," said Huon Aquaculture's Community Relations Adviser Kristy Harrison.

"It was great to be able to add the Huon smoked salmon packs as a special extra to the everyday essential food supplies that Edna and her volunteers provide on a weekly basis.

"It's a really challenging time for a lot of people in our community and the team at Huon Aquaculture just wanted to do something to help make a difference."

In 2013, Edna Pennicott established Kingborough Helping Hands (KHH) to provide an organisational structure for the work she had been doing for decades.

KHH provides food and household essentials to people experiencing financial difficulty.

KHH is supported by many volunteers and raises approximately \$30,000 per year through events such as Edna's Christmas Luncheon and Edna's Soup and Sandwich Fundraiser.

KHH runs the weekly Kingston service of the St Vincent de Paul Society's Loui's Van, which provides food and information to homeless people and others experiencing hardship.

In addition to everyday essential food supplies provided by Kingborough Helping Hands, Huon Aquaculture offered smoked salmon packs as a special extra for Easter. (PS)

# Pilot phase for transit officers begins

**Phase one of the pilot of transit officers on public transport services is now operational to discourage antisocial and aggressive behaviour.**

"This increased safety presence on our bus services is highly visible and ensures our public transport system is as safe as possible for commuters and bus drivers," Minister for Infrastructure and Transport Michael Ferguson said.

"Deployment will cover general access services in the south, targeting key urban corridors on both metropolitan and regional services and across different operators.

Observations from this deployment will assist the Department of State Growth in informing phase two and the future operational model, including the development of new regulations and protocols to allow for body-worn cameras and expanded powers.

"I have also tasked State Growth with the development of a mechanism to enable easier reporting of non-urgent incidents of antisocial behaviour.

"The vast majority of trips on our buses are incident-free, but these actions will bring comfort to our drivers and the majority of passengers who enjoy using public transport.

"These initiatives are in addition to CCTV cameras on all Metro buses which assist with safety and security on board and with investigations by Tasmania Police.

"Metro also has a long-standing partnership with police for a dedicated resource.

"I look forward to announcing further details as we move into phase two of the pilot, and thank the members of the Safe Public Transport Working Group-including Metro Tasmania, Tasmania Police, other bus operators, State Growth and the Rail, Tram and Bus Union-for their valuable contributions and look forward to their continuing support and input as we progress these initiatives."

On Wednesday, March 29 Hobart College celebrated the 2022 cultural, academic and sporting achievements of over 350 students in front of family, friends and dignitaries at the Mount Nelson Theatre.

After the disappointing decision to cancel the annual event in 2022 due to COVID restrictions, it was wonderful to publicly recognise students for a range of attributes including leadership, character, service to the community and personal excellence.

Acting Principal Dr Elizabeth Robinson said "The Awards Evening was brilliant, with highlights that included acknowledging the 19 students who were in

the list of Top 100 ranked Tertiary Entrance scores in the state, the 59 students who achieved an Australian Tertiary Admission Ranking (ATAR) over 85 and the 154 students who achieved a perfect score in their pre-tertiary subject".

Hobart College alumnus Dr Lewis Johnson provided the occasional address and commended the grit, resilience and study habits evident in Hobart College graduates while studying medicine at UTAS.

The graduating Year 12 cohort for 2022 epitomised these traits, demonstrating optimism and resourcefulness during their two years of study.

# Kingborough receives Youth Week grants

The successful applicants for the Youth Week Tasmania 2023 Grants Program have been announced.

Eighteen recipients will receive a share of \$20,000 to deliver innovative and creative events and activities across the state as part of Youth Week Australia 2023.

Minister for Education, Children and Youth Roger Jaensch congratulated the successful organisations and said he was looking forward to seeing the projects come to life.

"Wherever they live and whatever their circumstances, we want young people to have the opportunity to reach their full potential while leading happy and fulfilling lives," said Minister Jaensch.

"It is fantastic to see the diverse range of events and activities being held across the state for Youth Week, including a Night Skate at Ulvy Park, Kingborough's Got Talent, Scooter Jam at St Helens and giving a voice to young victim-survivors of sexual violence at Burnie."

Kingborough Bowls and Community Club and West Winds Community Centre have also received grants for their Youth Bowls Premier League Tournament project and Deadly Locker Project respectively.

Youth Week Tasmania is an annual celebration that recognises and celebrates the value of all young Tasmanians aged 12 to 25 years.

Running from May 1 to May 7, the theme of this year's Youth Week is Acceptance with the slogan Be Bold: Be You.

Originally from mainland Australia, Kettering-based author Mark Mannock is about to release his fifth novel. Mark said of his decision to move down to Tasmania "I've travelled a fair bit, especially researching the books, yet I'm certain Tasmania is the most friendly and inspiring place on the planet." (PS)

Calvin Christian School student Anita recently set up a dog library sign at Kingston Beach. The canine library has sticks, tennis balls and ball throwers for visitors to check out. (PS)

This year marks 77 years since the inaugural Dawn Service held on the grounds of Woodbridge School.

Local attendances have reflected the increasing recognition the annual commemoration has attained over the past decade across the nation.

The service commences at 6am on Tuesday, April 25 at the cenotaph at the front of the school.

Free of the restrictions imposed by the pandemic, the Woodbridge School Association will provide a (free) light breakfast in the school hall following the service.

The Channel RSL Sub-Branch is pleased that this aspect of ANZAC Day will resume as it provides the opportunity for attendees to acknowledge the extent of school and community input into the commemorative event.

The breakfast will feature presentations by two senior students based on their ANZAC Bursary research together with the Sub-Branch's annual donation of books to the school library.

If you wish to lay a wreath, please contact Ted Domeney on 0438921669.

# Asthma Australia survey

Asthma Australia wants to know what life is like for Tasmanians experiencing breathing problems and asthma in the 2023 Tasmanian Asthma Discovery Survey.

Everyone experiences asthma differently. What works in managing your asthma? What challenges do you face? How could your quality of life be improved? We want to learn more about personal experiences with asthma in Tasmania. "If you have asthma or breathing problems, care for someone who does, or work in this space, we are

interested in hearing from you," said Asthma Australia project coordinator Jess Tyler. "We really want to hear from you so there are several ways you can take part and make your voice heard. "We're running a quick and easy online survey, or you can register for one of our community forums. "Alternatively, you can simply send us a text or email or even book a call for us to call you back so that the cost is on us." To take part in the survey visit [www.asthma.org.au/tasdiscovery](http://www.asthma.org.au/tasdiscovery), call or text 0474 654 555 or email [jtyler@asthma.org.au](mailto:jtyler@asthma.org.au)

# Be mindful of meningococcal

The Department of Health is encouraging the public to be aware that meningococcal disease still occurs in Tasmania after a case was recently diagnosed in the state's south. A 17-year-old male from southern Tasmania was diagnosed with meningococcal disease, the second case in Tasmania this year. Director of Public Health Dr Mark Veitch said anyone with a suspected infection should see a doctor immediately. "Meningococcal disease is a rare but serious contagious disease that can develop quickly and be fatal," said Dr Veitch. "Early detection and treatment of cases can save lives, which means anyone with a suspected meningococcal infection needs to seek emergency medical care immediately. "The symptoms of meningococcal disease include fever, severe headache, confusion, severe muscle pain and rash. "People with meningococcal disease can go from feeling well to being extremely ill very quickly. "Babies and infants may not have these symptoms but can be unsettled or drowsy, pale or blotchy, floppy and not feeding." The Director of Public Health said the case also highlighted the continued importance of vaccination

against meningococcal disease. "This case is a reminder of the importance of getting vaccinated against meningococcal disease," said Dr Veitch. "Vaccination against the meningococcal A, C, W and Y strains is routinely provided free as part of the National Immunisation Program for children aged 12 months and as part of the school-based program for students in year 10. "A vaccine is available to protect against the meningococcal B strain for children from six weeks of age. "This vaccine is free for Aboriginal and Torres Strait Islander infants. "Others wishing to protect themselves or their family against meningococcal B can purchase the vaccine through their General Practitioner with a private script. "In the last three years there has been an average of three cases per year." Meningococcal disease is caused by bacteria called *Neisseria meningitidis*. Meningococcal disease is more common during winter and spring but can occur at any time in any place and affect people of any age. More information about meningococcal disease is available at: [www.health.tas.gov.au/publications/meningococcal-disease](http://www.health.tas.gov.au/publications/meningococcal-disease)

# Geeveston Art Show returns

Following the success of the previous seven art shows, the 2023 Geeveston Art Show returned to Geeveston Town Hall last weekend to showcase the very best of artisans from the Huon Valley.

Artworks will be on display until Saturday, April 29 and are a range of mediums from acrylics to alpaca, sculpture to sewing and weaving to woodwork.

Last year’s event attracted almost 1000 people to the Upstairs Gallery of the Geeveston Town Hall.

123 pieces of art from 61 local artists were on display.

This year’s event will have live demonstrations from local artisans almost daily, including the opportunity for members of the public to try some themselves.

President of the Geeveston Progress Association Kirk

Humphrey said he was hugely excited by this popular community event.

“We’re delighted to have been involved with the Art Show from the very beginning and consider this annual event to be a beacon of art and culture in the Huon Valley,” Mr Humphrey said.

“We have world-class artists here and even more exciting is to see the development of our emerging artists.

“Every year we see new names and their creativity is continuously outstanding.

“We’re so excited to be bringing this event to the Huon Valley again - one we consider to be one of the jewels in the crown of the Huon’s arts calendar.”

# Strengthening employment pathways for Kingborough

A regional jobs hub to serve the Channel, Huon Valley and Bruny Island is one step closer with the appointment of an Executive Officer for the Southern Employment and Training Network (SETN) last month.

SETN is the seventh jobs hub in the Regional Jobs Hub Network to be established by the Tasmanian Government through Jobs Tasmania to help businesses find employees and to get more Tasmanians into meaningful work.

SETN’s focus is to increase employment opportunities, participation, and access to training for people living in the region, by referring jobseekers within the community to training and skill development opportunities, specialised employment services, and local job vacancies.

SETN will support employers to connect with local jobseekers and assist industry to plan for future

workforce demands.

Erin van Nieuwkuyk was appointed to the role of Executive Officer to establish connections with employers, jobseekers and service providers within the region and oversee the regional workforce planning study.

A Huon Valley local, Erin has a diverse background in administration, business development and customer service, as well as a genuine passion for working with people to create positive change.

The regional workforce planning study will involve an industry survey and in-person consultation, providing an opportunity for employers to provide insight and feedback into their current circumstances and goals for the future.

For further information contact Erin van Nieuwkuyk from SETN on 0402 946 988 or email [info@setn.org.au](mailto:info@setn.org.au) and visit [www.setn.org.au](http://www.setn.org.au)

# Continuing to be road safe after Operation Safe Arrival

**Operation Safe Arrival is a road safety initiative that was launched over Easter.**

Road Safety Advisory Council Chair Scott Tilyard said Easter is a particularly dangerous time on the roads with more vehicles driving to holiday destinations around the state, often travelling long distances on less familiar roads, and with many drivers towing a caravan, boat or trailer.

“The Easter holidays are a popular time to get away with family and friends, but drivers need to take every precaution to ensure they get to their destination safely,” said Mr Tilyard.

“It’s easy to become frustrated and impatient but making the right decisions on the road can be the difference between life and death, so I urge all motorists to slow down, drive to the conditions and take regular breaks to ward off fatigue.

“Over the past five years, three people have died over the Easter period (from Good Friday to Easter Tuesday) and 19 have been seriously injured.

“We don’t want to lose another life, or leave another family heartbroken, which is why we’re asking every Tasmanian to plan ahead and be safe on our roads.”

Whilst Operation Safe Arrival may have officially wrapped up, police will continue their effort to keep people safe on Tasmanian roads.

“This Easter, police have been doing what we can to crack down on dangerous behaviours like speeding, mobile phone use, and driving under the influence of alcohol or drugs,” said Acting Assistant Commissioner Jason Elmer.

“We’ve had high-visibility and covert patrols on our highways and main roads, and we’ve been covering other routes, back streets and rural areas.

“We want to thank most road users for doing the right thing, and heeding our advice about slowing down, paying attention, buckling up, stopping and resting to avoid fatigue and never driving after drinking or taking drugs.

“Unfortunately, there’s far too many people who ignored our warnings, and deliberately put themselves and others in danger.”

Operation Safe Arrival’s state-wide traffic enforcement activities spanned April 6 to April 11.

Over 6000 random breath (alcohol) tests were conducted, 31 motorists were charged with drink driving offences, 446 infringement notices were issued for speeding offences and a further 25 for mobile phone use.

### FISH CANNERY RECOVERS

### AT SNUG PARK

●Discussing the use of a galvanised iron church building at Snug Park, given by John Lysaght (Aus.) Ltd., are Dr. Peter Rudge (left), consultant in church management, of Canberra, and Canon J. E. Atkins, of Kingston. Dr. Rudge was formerly of Wynyard.

●Pictured is a new building under construction for freezing dry storage, and fish processing at the cannery of Safcol (Tas.) Pty. Ltd., at Margate. The building is not an expansion project, but a replacement of part of the factory that was burnt. However, it will be a better layout, and will enable the various processes to be handled more conveniently.

### SHOVELLING FISH

●Above: Fish are coming in by the ton at the Safcol cannery at Margate. Two men here shovel the contents of a truck into boxes.

### Reflecting Defeat

● This is how they did it, Keith Worsley and 'Chum' (right), reflecting on their defeat in the open mixed bowls championship final at Margate on Saturday. The winners, M. Tanner and Vic Sward, are pictured on the left. They won 17-11.

### Congratulations

●A hand for his partner: Jack Smart (Kingston) offering a word of congratulations to Horace May (Sandford) after their win in the club "B" Grade Champion Pairs.

### Champs

●Left: Former Franklin residents, Ken and Dorothy Williams, now of Margate pictured after their win in the Channel Bowling Club's mixed Championship on Saturday.

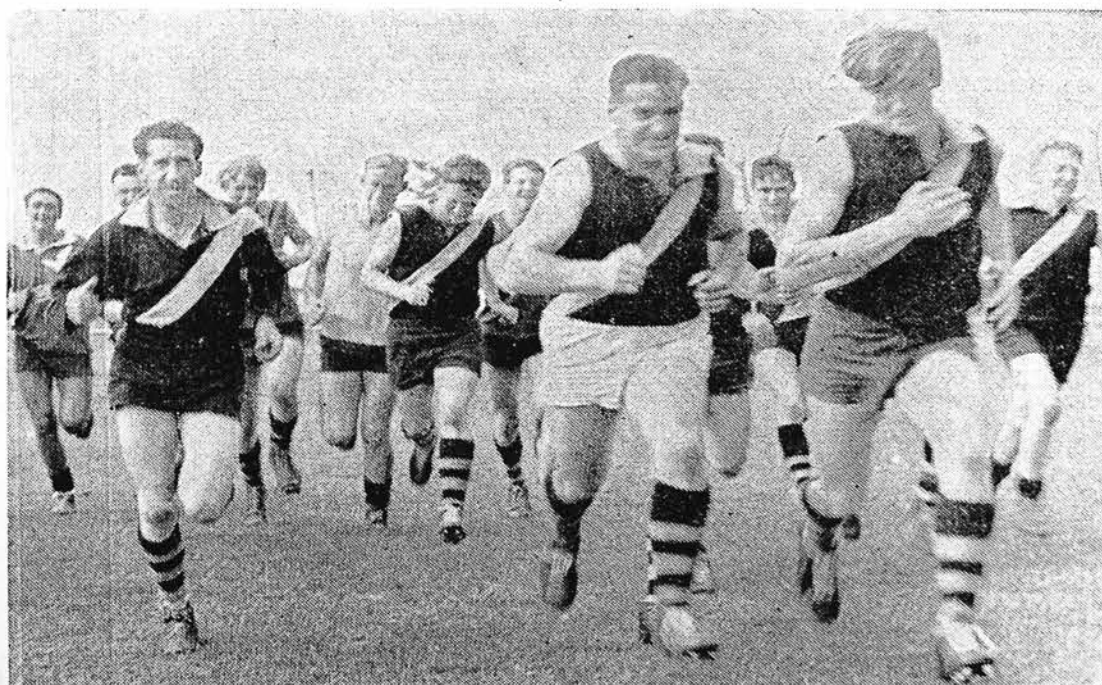

### Keen Spectators

●Right: Ex Kermantide and Cananore footballer Angus ("Sno") Risely with Channel Bowling Club Champion Fred Andrews, (Snug) taking a keen interest in Saturdays Championship events. "Sno" won the Club Championship in his first year, (1957) but it has eluded him ever since. A 'fire victim' Andrew has two Club singles championship to his credit.

### Look Out Huon, Here we Come

● Kingston footballers, full of zest, have been throwing everything into pre-season practice runs in preparation for entry into the Huon Football Association under their successful coach and leader Brian Yost, who took the team to another resounding win in Kingborough last season. The side is brim full of confidence about the result against Huon premiers Cygnet at Cygnet tomorrow.

## SERVICE OF THE WEEK

### Spellbound Cats

Breeders of Birman and British Shorthair Cats

Spellbound Cattery was established in 2001 as registered breeders of the very beautiful and regal Birman cat. We are currently registered with the Tasmanian Feline Association, member number 1013. We are striving for excellence in temperament, health, appearance and correctness of type according to the Birman Cat Standard. Kittens we have bred are regularly winning shows around Australia and overseas. But we breed for temperament firstly as most of our kittens are much loved pets.

Birman cats are bred to be indoor only cats but also do well with a safe and enclosed outside area to keep them safe. They are not suited to roaming the streets as they have little fear of strangers, dogs and cars. They have a semi longhair coat that requires little grooming compared with other breeds. There are no particular health concerns associated with this breed and they are easy going and laid back in temperament. Suited to retiree's and families with older children.

We also, more recently started to breed British Shorthair in the rarely seen colours of silver and gold. Our breeding stock has come from around the world to introduce them to Australia. A waiting list usually applies.

# PROUDLY LOCAL KINGBOROUGH CHRONICLE

On Monday, April 10 the Kingborough Lions took on UTAS Football at KGV in the Women’s Statewide Cup. (PS Carolyn Whitehouse)

With the score 0-0 at half time, Lions’ player Rosie Rodden (pictured) surprised even herself when she scored a goal that soared over everyone’s heads to land in the net! (PS Carolyn Whitehouse)

UTAS equalised late in the game to take it into extended time where Danielle Kannegiesser and Sami Watkins (pictured) both scored to take the final score to Lions 3 to UTAS 1. (PS Carolyn Whitehouse)

The Tigers had a hard game in the Development League with the final score 7.3.45 to the Bombers 18.11.119. New recruit Harry Brereton (pictured) played very well. (PS Carolyn Whitehouse)

The Tigers seniors took on North Launceston Bombers expecting a close fought game. To their surprise, and their hard work, the first quarter ended with the Tigers 5.3.23 to Bombers 0.0.0. The Tigers held the Bombers to low scoring in the other three quarters, with the final score being Tigers 14.10.94 to Bombers 6.5.41. (PS Carolyn Whitehouse)
